

Dear students,

I'm happy to inform you that for the academic year 2021/22 we have renewed the collaboration with Coursera by the plan Coursera for Campus Basic.

Coursera is a platform that provides online courses on different topics with the chance of getting the corresponding certificates by passing the final exam.

The program allows to achieve 1 certificate by completing 1 course per year. The end of the year will be on September 30 2022, after which a new year will start with 1 new certificate. The professional certifications are excluded.

Some Coursera courses can be attended for free, without the final test and the certificate.

This is the link to enrol in the Unimore program:

<https://www.coursera.org/programs/university-of-modena-and-reggio-emilia-on-coursera-190ez>

You must register using your Unimore email address.

If you have already an account Coursera-Unimore you don't need to register again.

Here you can find more information:

<https://www.coursera.org/for-university-and-college-students>

I recall that the Coursera certificates are not eligible to achieve CFUs, but they can be exploited as integration to the academic path.

We hope you can find this initiative useful.

Best regards,

Giacomo Cabri

Rector's delegate for teaching
