

UNIGREEN ANNUAL INTERNATIONAL CONFERENCE – HEPL

FEBRUARY 8th 2024 - 9:30 AM

Join us at the UNIGreen Annual International Conference on February 8th, 2024, for a day filled with inspiring talks about sustainability, research, innovation, economic development...

Register for this event [here](#).

UNIGreen – The Green European University – is an Alliance of 8 European Higher Education Institutions that share the common vision of promoting excellence in Teaching, Learning, Research and Innovation in field of Sustainable Agriculture, Green Biotechnology and Environmental and Life Sciences. UNIGreen valorises and builds on a long-lasting collaboration to create an integrated European University supporting the green economy, which will be possible through the European Universities initiative of the Erasmus+ Programme.

Please note that this event will take place in person but will also be streamed for those who can't attend.

« How can higher education collaborate with specialized ecosystems to foster research, innovation and economic development, with a commitment to the future ? »
